

No Poly.
No Problem.™

Lightweight paper and packaging solutions for a sustainable world.

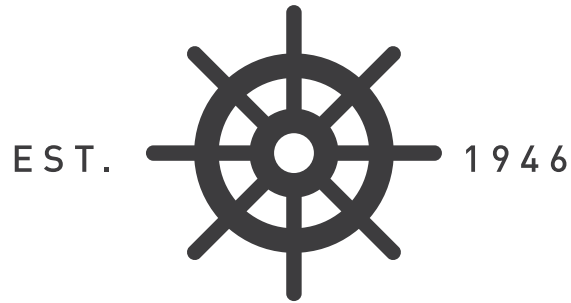

Deliver your brand. Safely. Sustainably.

Last year, global plastic production exceeded 380 million tons¹. Almost half of that consisted of single-use plastic packaging. As concern and awareness grow regarding plastic pollution, Seaman Paper is proud to offer a portfolio of lightweight paper packaging solutions that can replace many forms of single-use plastic packaging.

Paper is one of the few truly sustainable products. It is made from renewable resources, naturally biodegradable, and is one of the most highly recycled products in the world.

Paper Transport Bags

Our paper-based transport bags are the perfect sustainable, peel and seal alternative to single-use plastic poly bags. Keep your garments and other products free of dirt, dust, and moisture during transit. Vela™ bags are transparent enough for manual barcode scanning, feature a full-width adhesive strip for secure closure during transit, and contain concealed vent holes that allow air to be pushed out during packing.

Vela™ offers various sustainability benefits compared to single-use poly bags; they are curbside recyclable, FSC® certified, and directly fund ocean research and conservation programs through our “Sea the Difference” initiative.

SpiroPack™ | SpiroPack™ Nest^{Eco}

Spiral Paper Void Fill

Our SpiroPack™ spiral tissue paper void fill is a unique and innovative alternative to traditional crinkle fill and packing peanuts. SpiroPack's patented flat design takes up 80% less space on your packing station than crinkle shred. The connected spiral design allows for easy packing during fulfillment and easy cleanup for consumers during unboxing.

For additional void fill volume and sustainability benefits, opt for our FSC® certified and highly recycled SpiroPack™ Nest Eco.

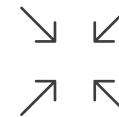

Create the ultimate unboxing experience and add additional value to your products when you pair SpiroPack™ or SpiroPack™ Nest Eco with custom printed SatinWrap® tissue paper.

Custom Printed Tissue Paper

Think inside the box.

The creativity of your packaging and your products' quality are critical factors in building customers' brand loyalty. Once a customer feels connected with your brand, it ultimately leads to repeat website visits and repeat purchases. Custom printed tissue paper is the perfect way to connect your customer with your brand.

Improved Value

Items wrapped in branded tissue paper were valued 24% higher than the same items packaged with traditional void fill packaging.

Emotional Attachment

Customers are 76% more likely to recommend products on social media when they're packaged with branded tissue paper.

Higher Quality

77% of participants felt joy and surprise when opening a product wrapped in brand-focused tissue paper.

Customer Retention

86% of participants reported their impression of a brand was improved when packaged with branded tissue paper.

Package Insight Study

Read the full study at:

www.seamanpaper.com/unboxingconsumerinsight

Bring your packaging to the next level with custom printing.

Pantone

We can perfectly match any Pantone color to ensure your brand consistency across your packaging.

Process (CMYK)

Endless color and print capabilities with CMYK process printing.

Metallic

Create an elegant shine in your custom packaging with premium metallic inks.

Opaque White

White on black or white on color helps to create a bold and powerful statement.

Translucent Tissue

White on translucent tissue creates a simple, sophisticated, and timeless upscale design.

Full Coverage

Create a design that takes up as little or as much space as you want.

Scatter Print

Create a repeat pattern with random placement that scatters across the entire sheet of tissue paper.

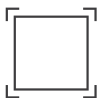

Seamless Prints (ITR)

No need for a break in your artwork. Create seamless tissue patterns.

Spot Prints (Placement)

No pattern? No problem. Create a print with consistent sheet placement.

Custom Sizes

Need a specific sheet size? Roll size? Case pack? We have you covered.

Pearlescent Coating

Add a pearlescent shimmer to create an upscale and luxurious packaging experience.

Waxed Coating

Custom printed waxed tissue paper is ideal for floral and agricultural wrapping applications.

People, paper, packaging, for a sustainable world.
